

DNA makes you, you!

<i>Phenotypes (Traits)</i>	<i>Genotype</i>	
<i>1. Laugh dimples: When you laugh or smile do you have dimples in your cheeks?</i>	<i>No (ll)</i>	<i>Yes (L)</i>
<i>2. Tongue roll: Can you roll your tongue into a “U” shape?</i>	<i>No (tt)</i>	<i>Yes (T)</i>
<i>3. Crossing thumbs: When you clasp your hands together with your fingers intertwined, is your right thumb on top of your left or vice versa?</i>	<i>Right on top (cc)</i>	<i>Left on top (C)</i>

Instructions:

1. In the table above, find your genotype.
2. Color the part of the circle that matches your genotype for #1.
3. Color the part of the circle that matches your genotype for #2 AND touches what you just colored.
4. Color the part of the circle that matches your genotype for #3 AND touches what you just colored.
